

Dear Commissioner,

I as a mother and an American Citizen, would like to see obscenity and profanity taken off the radio and television. Spectacles like the half-time show at the Super Bowl should not be allowed to happen. The persons responsible should be fined and rules should be made to keep these things off TV and Radio. Also commercials should be safe to watch also. A G or Y rated program should only have G or Y rated commercials and so on as the ratings go. I would appreciate your commission taking the time to enforce current rules and make new rules if needed.

Thank you for your time,

Janice Flegel
